Other information

The **educational training** activities throughout the academic years was characterized by a number of specialized teachings at the Faculty of Medicine and Surgery at the School of Specializations of the University of Bologna. Later, during the period at the Maggiore Hospital he has taught, as an Adjunct Professor, "Medical Oncology" until 2009, " Functional and Instrumental Semiotics " until 2008, at the University of Bologna. At present, more as a Adjunct Professor, teaches "Gastroenterology (Pathophysiology)", at the School of Specialisation in Gastroenterology, Catholic University of Rome. Since 2010 he has been a Professor at the Master's Degree in Clinical Ultrasonography, University La Sapienza of Rome. Since 1998 he has been the Director of Research and Training Centre and Clinical, Vascular and Interventional Ultrasonography of the Maggiore Hospitals of Bologna.

The most interesting areas of **scientific activity** were focused on clinical fields (studies of gastroenterological pathophysiology, inflammatory and neoplastic diseases, internal medicine and interventional ultrasonography) and aspects of health organization (accreditation, local implementation plan of internal medicine of the province of Bologna, management of hospital admissions, hospital overcrowding, organization of hospitals for intensive care). He is currently a member of the Observatory on Regional Specialization Schools of Medicine in Emilia Romagna (OSSMER). He was a member of the Executive Council of the Italian Society for Ultrasound in Medicine and Biology (SIUMB). He is a member of the Executive Council of the Italian Society of Internal Medicine (SIMI) and the Scientific Committee of MED3 (provider of distance learning). He is Web-site Editor of two scientific societies: SIUMB and SIMI.

The most recent publications have focused on the use of lasers in the treatment of hepatocellular carcinoma and the definition of the National Institute of Health Guidelines on the diagnosis of liver tumors. He has been a Speaker, a Professor and Chairman, at various conferences and training courses and has authored over 700 publications and scientific reports. The most relevant scientific publications are listed in PubMed and can be viewed at:

[http://www.ncbi.nlm.nih.gov/sites/entrez?cmd=search&db=pubmed&term=Arienti 5Bau% 20V%% 5D = 50 & dispmax.](http://www.ncbi.nlm.nih.gov/sites/entrez?cmd=search&db=pubmed&term=Arienti%20V%5D=50&dispmax)
